

# Focus Group 3

April 15, 2024

Participants: Members of GESEC and Dedal-Lit CELCA, people of different ages who have participated in the reading workshops and anti-ageism theatre workshops organised by members of Dedal-Lit CELCA during the spring of 2024.

During this focus group, participants were invited to talk about what they understood by ageism (applied to both young and older people) and to what extent promoting intergenerational relationships could challenge the foundations of ageism.
